EDUCATION

University of California Berkeley - Sciences Po Dual Degree August 2026 – May 2030

- First year undergraduate student in the [UC Berkeley - Sciences Po Dual Degree program](#), pursuing a BA in Politics & Government (Sciences Po) and BS in Business at the Haas School of Business with a minor in Legal Studies (Berkeley).
- **Leadership:** Elected 1A MINAN Class Rep for Sciences Po North America Minor (~400 students)

Nikola Tesla STEM High School · Redmond, Washington, USA High School Diploma June 2026

- **Cumulative Weighted GPA (10-12):** 4.30
- **Relevant Coursework:** AP Chemistry, AP Statistics, AP Calculus AB & BC, AP Psychology, AP English Language, AP Computer Science A, AP Biology, AP Environmental Science, Engineering 3 & STEM Startups, Honors Contemporary World Problems, Honors Spanish I-III, Honors U.S. History, Honors Physics, Forensic Science, Business & Economics
- **Leadership:** 4 years of student government (9-12th Grade)
- **Athletics:** Eastlake Girls High School 4-Year Varsity Lacrosse Athlete, Youth Official for K-8 Lacrosse Programs

Inglewood Middle School · Sammamish, Washington, USA Aug. 2019 - June 2022

- **Weighted GPA:** 5.0
- **Leadership:** 3 years of student government (6-8th Grade)

Rachel Carson Elementary School · Sammamish, Washington, USA Aug. 2018 - June 2019

- **Leadership:** 1 year of student government (5th Grade)

HONORS & RECOGNITION

- **United States Senate Youth Program · Finalist (Sept. 2025 - Mar. 2026):** Selected as 1 of 18 finalists from 750+ applicants nationwide for the country's most prestigious high school civic leadership program, recognizing students who have demonstrated exceptional achievement in government, politics, and public service. (ussenateyouth.org)
- **President's Award for Educational Excellence (2025):** The only student nominated by Tesla STEM faculty for this award, given in recognition of outstanding academic achievement and demonstrated civic leadership across multiple domains throughout my high school career.
- **Congressional App Challenge** (4th Place for WA-08 Congresswoman Kim Schrier) Earned 4th place nationally in WA-08 for developing [FAFSAReady.com](#), a comprehensive financial aid navigation website built to address Washington State's 47th-ranked FAFSA completion rate, where only 53% of high school seniors complete the form. The app features a FAFSA vs. WASFA Decision Tool, WA College Grant Eligibility Checker, Step-by-Step Guide, Document Checklist, Deadline

Tracker, and Myths & FAQs, all designed to make financial aid accessible to first-generation and low-income students.

- **Washington State Science & Engineering Fair (WSSEF) · 1st Place Biomedical Engineering · Top 30 of 400+ Projects:** Awarded 1st Place in the Biomedical Engineering category (40+ competing projects) and named a Top 30 Finalist of more than 400 statewide projects for the development of a voice- and vision-controlled 3D-printed transhumeral prosthetic device. The research was conducted under the mentorship of Dr. Calvin C. Ngan, Ph.D. (PROPEL Lab, Bloorview Research Institute) and Dr. Stefania Fatone, Ph.D., BPO (Professor and Associate Chair, UW Medicine; Program Director, Division of Prosthetics and Orthotics, Department of Rehabilitation Medicine).
- **Central Sound Regional Science & Engineering Fair:** Awarded 2nd Place out of 25+ projects in the combined Biomedical Engineering (ENBM) and Translational Medical Science (TMED) category for the same prosthetic device research project.
- **HOSA Future Health Professionals:** 1st Place in Mental Health Promotion @ Washington State Leadership Conference 2024 (1/230) ; 10th Place in Mental Health Promotion @ International Conference 2024 (10/169)
 - Serve as liaison for 170-member club, coordinating participation in state and national HOSA competitions
- **Science Olympiad:** 3rd Place @ Tesla STEM Science Olympiad Invitational (2025), 4th Place @ Raisbeck Aviation High School Science Olympiad Invitational (2024), 8th Place @ Camas High School Science Olympiad Invitational (2024), 1st Place @ Raisbeck Aviation High School Science Olympiad Invitational (2026)

LEADERSHIP & MAJOR PROJECTS

Student Rep, MINAN 1A – Sciences Po

Sept. 2026 - Present

- One of 3 elected to serve the entire North America Minor (~500 students) of Sciences Po as their class representative.

Association of Washington Student Leaders (AWSL) – Advocacy & Policy Committee Chair July 2023 – Present

- Chair AWSL's largest committee (**65 members**); facilitate bi-weekly discussions with State Board of Education
- **Founded the Educational Advocacy Summit (Feb. 2026)**, with **\$65,000** in funding (\$50K from WA OSPI) & (\$15K from non-profit organizations); a legislator-led hybrid civic education initiative reaching **42,000+** WA students (awsladvocacysummit.org/)
- **I authored a formal legislative bill**, sponsored by 5 State Representatives (Santos, Shavers, Bergquist, Steele, Salahuddin), 4 Senators (Wilson, Wellman, Nobles, Cortes), and Lieutenant Governor Denny Heck, establishing the Educational Advocacy Summit program as a permanent statewide civic education initiative. Though the bill was not brought to the legislative floor due to a short session, I refused to let the Summit die with it. Instead, I secured \$65,000 in grant funding (\$50,000 from WA OSPI; \$15,000 from nonprofit partners) and built the event from scratch.
- On February 20–21, 2026, **more than 100 students** traveled to the Washington State Capitol for the first-ever student-led civic education summit in AWSL's 70-year history. **An additional 45 participants joined virtually** from communities across Washington — including students from as far as Guam, Virginia, and D.C.

Island County Youth Court – Founder & President

June 2024 – Present

- Founded Washington's 13th Youth Court for restorative justice; featured in Whidbey News-Times
- Secured \$1,000 grant from Whidbey Health; collaborated with State Rep. Clyde Shavers and local legislators
- Local Media Recognition:
[whidbeynewstimes.com/news/student-works-to-bring-youth-court-to-island/](https://www.whidbeynewstimes.com/news/student-works-to-bring-youth-court-to-island/)

Associated Student Body, Tesla STEM High School – ASB Vice President

Sept. 2018 – June 2025

- 7 consecutive years of elected student government leadership (elementary-high school); raised **\$7,500** across **25** fundraisers
- Championed 6-year, **\$13.8M** turf-restoration project as ASB President, transforming dangerous gravel field (sammamish.us/projects/imscommunityfields/)

Tesla STEM Equity Board – Board President

Nov. 2022 – Present

- Expanded board to include parents, teachers, and admin; led restocking of menstrual products in women's restrooms to be in compliance with WA state law (RCW 28A.210.420); organized 8 cultural events about race, culture & belonging.

East King County Youth Court – Board Member & Mentor

Jan. 2023 – Present

- Mentored **24** youth respondents (ages 12-18) through peer-to-peer restorative justice programs
- Gained experience in legal processes and community-based conflict resolution

Washington State School Directors' Association (WSSDA) – Student Representative
Present

Aug. 2025 –

- Represent student perspectives on school district governance at monthly statewide advocacy network meetings

Sammamish Youth Board & Redmond Youth Partnership – Board Member
Present

Aug. 2022 –

- Advised City Council and LWSU Superintendent on youth equity initiatives (**12** consultations); mobilized **40+** volunteers for community events including Redmond's Derby Days

Just the Beginning – Summer Legal Institute & ConnectED Program – Intern
2025

Aug. 2024 – Aug.

- Selected for competitive 4-day legal program with Seattle University Law, UW Law, Davis Wright Tremaine, & U.S. District Court. Engaged with U.S. District Judges and legal counsels from Netflix, Starbucks, & Seattle Seahawks.

PROFESSIONAL EXPERIENCE

Washington State Legislature – Washington State Senate Page

Feb. 2024

- Served as a Washington State Senate Page for Senator Kevin Van De Wege and Senator Lisa Wellman during the 2024 legislative session — one of 50 pages selected statewide. On the Senate Floor, I observed and participated in the real mechanics of the legislative process: bill readings, floor debates, committee procedure, and the interplay between lawmakers and constituents.

- **Selected from among all 50 pages** to conduct a televised interview for TVW's "On The Issues: Law Enforcement Staffing Concerns" educational segment, interviewing Senators Mike Padden and John Lovick on police force staffing shortages and the impacts of occupational stress on officers. · [tw.org/video/on-the-issues-law-enforcement-staffing-concerns-2024021450](https://www.tw.org/video/on-the-issues-law-enforcement-staffing-concerns-2024021450)
- During Page School, **I drafted Senate Bill 7375**, a childcare mandate grounded in DCYF data showing only 28% of Washington's approximately 280,000 children ages 0–5 needing care are served by licensed facilities. My bill proposed the construction of five state-funded childcare centers per legislative district annually through 2050 — a policy directly informed by years of managing my family's own licensed childcare centers and witnessing the gaps in access firsthand. The bill was presented in a mock committee hearing before the Page School Legislature.

Platt, Thompson & Buescher, Attorneys at Law – Family & Criminal Law Legal Intern **May – Dec. 2024**

- Interned with Craig Platt and Mimi Buescher at a family and criminal law firm in Coupeville, WA, gaining direct exposure to courtroom procedure, case strategy, and the day-to-day reality of legal practice. Over the course of the internship, I drafted legal documents, provided client support across 20+ active cases, reviewed four years of Island County juvenile court files, and spent 400+ hours authoring the [18-page Island County youth court proposal](#). I presented the proposal and its restorative justice framework to state legislators as part of my effort to establish the county's first youth court program.

Washington Youth Alliance (WYA) Island County Chapter – Founder & President **Aug. 2025 – Present**

- Founded the Island County chapter of Washington Youth Alliance to serve both military and civilian families on Whidbey Island, a community with one of the highest concentrations of military families in Washington State.
- **Built a 45-member student board** and established partnerships with attorneys, nonprofits, and the Chamber of Commerce to deliver civic education workshops on substance abuse, gun safety, and mental health. WYA participated as a featured youth advocacy group at the 2026 Educational Advocacy Summit.

Political/Legislative Campaigns – Campaign Intern for State & Local Elections **June 2024 – Sept. 2025**

- Supported Washington State legislative and local campaigns for Senator Manka Dhingra, Representative Osman Salahuddin, and Councilmember Lin Yang, contributing to voter outreach, event coordination, and community engagement. Spoke publicly at 3 community events on civic participation and policy.

Just the Beginning: Summer Legal Institute & ConnectED Program – Participant **Aug. 2024 – Aug. 2025**

- Competitively selected for a multi-institution legal pipeline program spanning Seattle University Law, University of Washington Law, Davis Wright Tremaine LLP, and the U.S. District Court for the Western District of Washington. Over two years of programming, I engaged with federal district judges and in-house legal counsel from Netflix, Starbucks, and the Seattle Seahawks, exploring the intersection of law, public interest, and institutional power.

PROJECTS & TECHNICAL WORK

Voice- and Vision-Controlled Prosthetic Device, Biomedical Engineering Research – Mult.

Awards **June 2024 – July 2025**

- Engineered ML-driven, voice & vision controlled 3D-printed transhumeral prosthesis (**\$277**) using Raspberry Pi 5, addressing **95%** accessibility gap; **50x** cheaper than state-of-the-art alternatives.
- Out of an estimated 40 million amputees in the developing world, only 5% have access to prosthetic devices. Existing options fall into two categories: passive low-cost models starting at \$50 that lack fine motor control, or advanced myoelectric devices costing upwards of \$100,000 — both inaccessible for the majority of amputees globally, particularly the approximately 2.4 million upper limb amputees residing in developing countries. This research project addresses that gap by engineering a voice- and vision-controlled, non-invasive, 3D-printed transhumeral prosthesis at a total build cost of \$277 — less than 2% of traditional body-powered prosthetics and 50 times cheaper than state-of-the-art myoelectric alternatives.

FAFSAReady.com – Solo Developer & Congressional App Challenge (**4th Place**) **Aug. 2025 - Oct. 2025**

- **Created** [FAFSAReady.com](https://educationvoters.org/get-involved/previous-levinars/#fafsa-completion-strategies) addressing Washington's 47th-ranked FAFSA completion rate; presented at League of Education Voters' "School-Led Strategies to Help Washington Students Complete Financial Aid Applications" statewide policy panel
<https://educationvoters.org/get-involved/previous-levinars/#fafsa-completion-strategies>
- The app earned 4th place nationally in WA-08 for Congresswoman Kim Schrier's Congressional App Challenge. I subsequently presented equity-driven completion strategies at the League of Education Voters' statewide policy webinar (October 22, 2025) alongside Governor Bob Ferguson, who discussed his Washington Completes FAFSA Executive Order, and representatives from the Washington Student Achievement Council, College Success Foundation, and school districts statewide. · educationvoters.org/get-involved/previous-levinars/#fafsa-completion-strategies

PERSONAL

Family Childcare Business – Volunteer Teacher/Developer & Family Responsibilities **June 2023 - Present**

- Support my family-owned childcare centers (splitting time between Sammamish and Oak Harbor); licensed for 44 children in Island County, 60% capacity serving foster children, military families, single parents, and WCCC subsidy recipients
- Designed curriculum for underserved populations; built center website (nurturewithcarekidsacademy.com); coordinated DCYF licensing and QRIS quality improvement compliance
- Organized community events bridging military and civilian families; experience directly informed Senate Bill 7375 addressing WA's childcare desert
- Issue bi-weekly payroll for 15 employees, manage center finances, and drive community outreach through fundraisers, career fair tabling, and local engagement for hiring and family enrollment
- **Summers:** Volunteered daily at the center (setting up classrooms, sanitizing materials, assisting teachers, and supervising children).
- **School year:** With my mother living two hours away, I managed household responsibilities including 2-3 hours of nightly meal preparation and household responsibilities, so my father could focus on his demanding job.
